

WINTER UNIFORMS

Examples of the winter uniform worn during the 1950s and 1960s.

This consisted of a pure wool navy tunic & blazer, a white large collared shirt usually starched, and worn with school tie. A navy felt hat, heavy brown stockings worn with brown lace up shoes which were expected to be polished daily.

The girls on this page are clearly leaving school for the day as hat and gloves are apparent.

It should be noted that changeover from summer to winter uniform was compulsory for all students on a certain date.
